- Next js
- React Native
- Redux
- Axios
- Html-Css
- Web Design

EDUCATION

BACHELOR OF COMPUTER SCIENCE

South Tehran Azad University
2016 - 2021

PROFILE

I am a seasoned front-end developer with over 4 years of hands-on experience with React.js and 2 years with Next.js. I excel at leading development teams, delivering robust and scalable web applications, and managing complex projects. I am creative, ambitious, and a dedicated team player, always striving to adapt to new challenges and foster a collaborative environment. My experience spans various aspects of front-end development, making me a versatile and valuable asset to any team.

I am passionate about using the latest trends in front-end development and building modern websites and applications. I enjoy being creative in my work and relish the challenges that come with it, turning them into learning opportunities.

LAST WORKS

SARMAYEH PWA (NEO BANK)

Developed a comprehensive bank application with features including user authentication, fund transfers, and various banking services. Provided seamless integration with an Android app via WebView and enabled data transfer between a Progressive Web App (PWA) and the mobile app.

development by **Next.js**

<https://sarmayeh.sbank.ir>

<https://my.sbank.ir>

SARMAYEH ADMINISTRATION PANELS

development administration panels for sarmayeh app by **React JS and Next JS**

CODEORNOT

Developed a personal portfolio and blog website to share my experiences. In this project, I explored new technologies by writing **APIs**, working with **databases**, implementing **NextAuth** for authentication, and utilizing **Three.js** and **Spline** for **3D** graphics. My goal was to create a modern website and gain hands-on experience in all stages of website development and publication.

<https://codeornot.com>

BLUE SANDS PWA

Redesign of a dental service application for both patients and doctors, enhancing usability and aesthetic appeal using **Tailwind** CSS and **custom CSS**. Focused on creating an intuitive user interface that improves user experience and accessibility.
development by **Vite** and **Ionic**

<https://bluesands.app>

ALOPARASTAR ADMINISTRATION PANEL

Designing a administration panel for alopastar project and development by **react**

DOPAL PWA

Designing a mobile PWA for flight tickets sale & travel planning and development by **react**

<https://m.dopal.ir>

SIRA ADMINISTRATION PANEL

development administration panel for sira project by **javascript**

DOPAL WEBSITE & PANEL

Designing new ui for a administration panel & website programmed by angular and updated the styles and **ui** to a new design by ui development tools

<https://dopal.ir>

I am passionate about building innovative and user-friendly applications that make a difference. With a strong background in front-end development and a dedication to continuous learning, I am eager to contribute to dynamic projects and collaborate with talented teams
